Special equipment:

6. ACCIDENTAL RELEASE MEASURES

Individual caution: Wear recommended personal protective equipment; gum gloves and boots and facial protection.

Environment caution: Confine with sand and earth. Put it into right containers and absorb on inert material, if necessary.

Cleaning methods: Wash contaminated area with water and soap.

7. HANDLING AND STORAGE

Handling : Avoid contact with the product.

Storage: Store in airy locals and at temperature between 5°C and 50°C .

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Caution measures: none.

Personal caution: None.

Limits exposure: not established.

Periodic check : not expected.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: opalescent

Colour: light blue

Odor: menthol conforme

pH: 6.5 +/- 0.5

Viscosity: 12000 +/- 1000 CPS spindle 06 speed 10

Density: 1.00 +/- 0.01 g/ml

Flash point: na

10. STABILITY AND REACTIVITY

Hazardous decomposition products: None.

Condition to avoid: None.

Material to avoid: None.

Use and change: Cosmetic product for skin care.

11. TOXICOLOGICAL INFORMATION

Ingestion: Lightly irritant.

Eye contact: Lightly irritant.

Skin contact: Not irritant.

Inhalation: Only with aerosol.

12. ECOLOGICAL INFORMATION

Not established.

13. DISPOSAL CONSIDERATIONS

Assume conformity with applicable disposal regulations. Dispose of absorbed material at approved incineration or chemical landfill waste disposal site.
